5 YEAR LIMITED WARRANTY

COVERAGE OF WARRANTY

The subject of this warranty covers cabinets only. Hardware, installed or otherwise, is not covered under this warranty. This warranty is subject to all limitations, exclusions, disclaimers and procedures set forth herein. All cabinets purchased from **Green Forest** are warranted to the original purchasing consumer for 5 years from the date of the original purchase or as long as the original purchasing consumer owns the home, whichever is less, against unnatural defects in material and workmanship under normal residential use. Any use of **Green Forest** products other than for residential use are not covered under this warranty. This warranty is non transferable and does not cover cabinets sold or shipped outside of the United States. Should **Green Forest** cabinets fail during the applicable warranty period due to defects in the material or workmanship under normal use, **Green Forest**, in its discretion, will repair or provide the parts necessary to replace the defective products.

EXCLUSIONS

This warranty supersedes any and all previous warranties by **Green Forest** and constitutes the exclusive remedy against **Green Forest** Cabinetry for all defects, damages and workmanship. There are no implied warranties extending beyond the terms of this warranty. **Green Forest** shall not be liable for any incidental or consequential costs, expenses or damages. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. It is possible that one or more of the limitations and exclusions in this warranty may not apply to you. This warranty does not cover the cost of installation, removal, subsequent damage or transportation of the defective product, regardless of whether the work was performed by a contractor, service company or the consumer.

LIMITATIONS

This warranty does not cover

- Any issue that is associated with or the result of cabinets not assembled by **Green Forest**
- Hairline cracks in painted face frame joints.
- Problems caused by unauthorized services, improper installation of cabinets, cabinetwork, drawer slides or hinges.
- SKUs that have been modified from its original form.
- Any products used or uninstalled in connection with cabinets, such as gas or electric appliances, counter tops, or plumbing fixtures.
- Damage caused by transportation, storage, dirt, exposure to moisture or excessive heat or cold, nor does it cover defects arising from regular wear and tear, misuse, neglect, accidents, alterations, improper use or failure to maintain properly.

No installer, retailer, distributor, agent or employee of **Green Forest** has the authority to alter the obligations or limitations in this warranty.

DISCLAIMERS

The following is a brief recap of some of the characteristics of the wood and finishes on the cabinets you are about to purchase. Please read them carefully. If some of these characteristics concern you, please choose something else. We bring these characteristics to your attention so you will realize that **Green Forest** will not be

held responsible for these variations in your cabinetry.

WOOD AND COLOR VARIATIONS: Wood is a product of nature, and since no two trees are alike, cabinets may vary in color, texture and grain. Naturally occurring wood characteristics such as variations in color, grain, mineral streaks, pinholes, and knots are not considered defects. Color variations in cabinets are also a natural occurrence due to species, age, character of cabinets, and exposure to UV light and sunlight. For these reasons, new and/or replacement cabinets may not match display samples and/or existing cabinets. This may result in overall color variations, but is not considered a defect.

GLAZED FINISHES: A glazed finish by character is an uneven finish. Some edges and profiles will have heavier hang up than others and glazing may vary cabinet to cabinet, door to drawer and SKU to SKU. This may result in overall color variations but is not considered a defect.

PAINTED FINISHES: Wood by nature will undergo expansion and contraction movements year after year as it compensates and adjusts to ever changing atmospheric humidity and temperature conditions. As such, finish stress lines may become visible on painted cabinets especially at the joints. Any such occurrence is not considered a defect and are not covered by this warranty.

WARRANTY PERFORMANCE

If a defect does occur within the terms and conditions of this warranty, such defective part will be repaired by **Green Forest** at its sole discretion. **Green Forest** will not provide or pay for the cost of removal of defective product, transportation of defective, repaired or replaced product or installation of repaired or replaced product. **Green Forest** will not be responsible for any shipping damages to the defective, replaced or repaired product. If defective SKU has been discontinued or is not available at the time, **Green Forest** reserves the right to replace the SKU with the most similar SKU available at that time. **Green Forest** may require, at its discretion, that the customer submit a clear photo, or that the company representative view the SKU being claimed before honoring this warranty.

THIS WARRANTY IS THE EXCLUSIVE WARRANTY OF GREEN FOREST AND IS IN LIEU OF AND GREEN FOREST DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

CLAIMS

To submit a claim covered under this warranty, the original proof of purchase or a copy must be provided. Please e-mail all documents to ordering@greenforestcabinetry.com

RETURNED MATERIALS & RETURN MATERIAL AUTHORIZATION

Please do not send back any SKUs to **Green Forest** prior to receiving proper authorization from customer service.

Green Forest takes no responsibility on any SKUs sent back to **Green Forest** without proper return authorization.

Simply Quality, Simply on Trend and Simply Affordable.

At Green Forest Cabinetry, we keep things simple. Our values, standards and decades of manufacturing experience, as well as how “uncorporate” we are, have led to our cabinets being the best value in the market.

Quality and value that you would be proud to have in your own home.

When you buy Green Forest Cabinetry, you’re investing in higher quality at lower prices and better margins for your own business.

Don’t over-complicate it – remember, simple *is* affordable.
